Who Is This Course For?

This qualification is designed for those who wish to further develop their understanding of autism after completing the Level 2 Understanding Autism course. It is particularly suitable for those working or wishing to work in the care sector.

What Can I Learn On This Course?

This qualification will explore:
How to adopt a positive approach to supporting autistic individuals

The current legislative framework relating to autistic individuals and how different theories have developed over time

How to support and manage transitions for autistic individuals

The range of therapeutic interventions and support available for autistic individuals and co-occurring conditions

How to support communication and social interaction for autistic individuals

How to develop an understanding of how autistic individuals may be vulnerable, and the support worker's role and responsibilities relating to safeguarding, according to legislative requirements

How Is This Course Delivered?

Although this is an online course, you will receive extensive individual support throughout your studies. Your dedicated tutor is available to provide guidance and answer questions via email, telephone, Microsoft Teams calls, or in-person meetings. This approach ensures that you can study flexibly but have access to regular support in a way that suits your personal circumstances.

What Will I Need To Bring With Me?

To complete the course, you will need access to a computer and the internet. You will be given access to an online assessment account (e-assessor) to record and document your learning evidence.

What Skills Or Experience Do I Need?

No prior qualifications, experience or skills are needed, but you may find it helpful if you already achieved a level 1 qualification. You will also benefit from possessing basic IT skills to allow you to access the online materials.

How Will My Work Be Assessed?

This course is awarded by NCFE.

You will receive your own study pack made up of high-quality workbooks which your assigned specialist tutor will guide you through to complete your studies. You will be expected to complete all assessments on e-assessor, and your tutor will provide feedback after each assessment.

To achieve this qualification, you will need to complete 6 mandatory units:

- Unit 1: Autism in context
- Unit 2: Positive behavioural support for autistic individuals
- Unit 3: Understand support and management of transitions for autistic individuals
- Unit 4: Therapeutic interventions and support available for autistic individuals and co-occurring conditions
- Unit 5: Communication and social interaction with autistic individuals
- Unit 6: Safeguarding and resilience in autism
