Important Information

After submitting an enrolment request you will be contacted by a member of our team to complete a questionnaire. The questionnaire must be returned before your enrolment can be finalised.

Who Is This Course For?

This qualification is designed for those wishing to gain an understanding of the safe handling of medication within healthcare settings. Those working or wishing to work in the care sector may wish to complete this course to support them in their role.

What Can I Learn On This Course?

This qualification is aimed at anyone working in a healthcare or social care environment.
This qualification aims to help learners develop:

A general understanding of different types of medication and their use

Knowledge of the procedures for obtaining, storing, administering and disposing of medication

An understanding of legislation and the audit process related to medication and issues of responsibility and accountability

An understanding of the record-keeping process for medication

This is a knowledge-based qualification; achievement will not allow learners to be considered occupationally competent in the administration of medication.

How Is This Course Delivered?

Although this is an online course, you will receive extensive individual support throughout your studies. Your dedicated tutor is available to provide guidance and answer questions via email, telephone, Microsoft Teams calls, or in-person meetings. This approach ensures that you can study flexibly but have access to regular support in a way that suits your personal circumstances.

What Will I Need To Bring With Me?

To complete the course, you will need access to a computer and the internet. You will be given access to an online assessment account (e-assessor) to record and document your learning evidence.

What Skills Or Experience Do I Need?

No prior qualifications, experience or skills are needed, but you may find it helpful if you already achieved a level 1 qualification. You will also benefit from possessing basic IT skills to allow you to access the online materials.

How Will My Work Be Assessed?

This course is awarded by NCFE. You will receive your own study pack made up of high-quality workbooks which your assigned specialist tutor will guide you through to complete your studies. You will be expected to complete all assessments on e-assessor, and your tutor will provide feedback after each assessment.

What Can I Do After The Course?

You could progress onto other Online Learning programmes such as:
Level 2 Certificate in Falls Prevention

Level 2 Nutrition and Health

Level 2 Principles of Infection Prevention & Control

You may also wish to consider classroom-based learning such as Get Into Care, which focuses on getting job-ready to work in the care sector. Your tutor will be happy to discuss your options with you.
