Who Is This Course For?

This course is designed those wanting to gain confidence in the garden and who are interested in working in gardening or horticulture.

What Can I Learn On This Course?

You will gain confidence working in a real garden and will learn new skills for maintaining your own garden or using in a related role, such as:
Lawn maintenance

Pruning

Understanding soil and plant health

You will also gain some teamwork skills as you carry out activities with other learners in small groups.

How Is This Course Delivered?

This course is delivered at an established allotment site with an experienced, specialist tutor. There may also be periods spent learning knowledge in a classroom environment on-site.

What Will I Need To Bring With Me?

You will need to ensure you are appropriately dressed to participate in outdoor tasks, with sensible footwear and a waterproof coat. There is an on-site café, but you are welcome to bring your own lunch and refreshments. You may also wish to bring a pen and notepad to take notes. PPE can be provided where required.

What Skills Or Experience Do I Need?

No prior skills, knowledge or experience will be needed. You will need to be able to carry out gardening tasks, but your tutor will be able to guide you if you have little or no gardening experience.

How Will My Work Be Assessed?

There are no formal exams or assessments. Your activities and work will instead be assessed by your tutor, and feedback will be discussed to ensure you achieve your learning objectives.

What Can I Do After The Course?

Enrol on Horticulture Foundations course and gain your level 1 Practical Horticulture Skills Award, as well as getting tailored employment support, help with digital skills during the programme and work experience. Also, look out for our Get Into Horticulture programmes where you will gain practical, vocational work experience in a working garden/allotment environment, as well as help with your CV and interview skills and insights from real employers.
