Level 3 Coding

Course Name	Start Date	End Date	Site	Total Fees
Coding Practices L3	29/09/2026	15/12/2026	Norham Adult Learning Centre	450.00
Coding Practices L3	12/01/2027	13/04/2027	Norham Adult Learning Centre	450.00
Coding Practices L3	27/04/2027	13/07/2027	Norham Adult Learning Centre	450.00
Coding Practices L3	12/01/2027	13/04/2027	Swans Cfi	450.00
Coding Practices L3	20/04/2027	13/07/2027	Swans Cfi	450.00
Cyber Security L3 Blended Learning	21/04/2027	21/07/2027	Swans Cfi	450.00
Coding Practices L3	15/09/2026	08/12/2026	Swans Cfi	450.00

Important Information

After submitting an enrolment request you will be contacted by a member of our team to complete a questionnaire. The questionnaire must be returned before your enrolment can be finalised.

Who Is This Course For?

This course is available as a progression opportunity for those who have completed Coding Practices Level 2.

What Can I Learn On This Course?

This qualification aims to increase your knowledge, skills and understanding of coding:

- The stages of the software development lifecycle, software methodologies and how working as a team contributes to effective software delivery
- The purpose and use of coding standards, coding principles and practices and coding design process
- Writing and debugging interpreted and compiled code distinguishing the different coding solutions
- Fixing bugs using appropriate techniques and reflect on how the bug could have been prevented
- Deployment, configuration management and version control systems

How Is This Course Delivered?

This course is part of our blended learning offer which combines online learning at home and 6 classroom taught sessions. Attendance at classroom sessions is a compulsory part of the course. You will receive submission dates for all units. If you require additional support, tutorials can be arranged.

What Will I Need To Bring With Me?

You may wish to bring a notepad and pen to take notes during face to face tutorials. You will need access to a computer, laptop or tablet for the online part of the course.

What Skills Or Experience Do I Need?

You will need to have prior understanding of coding and have essential digital skills to at least level 2 capability.

How Will My Work Be Assessed?

Assessment is knowledge-based only, and you will complete online learning and answer a series of questions for each unit of the qualification.

What Can I Do After The Course?

On completing the Level 3 in Coding Practices you may wish to progress onto further online/blended learning courses. These courses give you an opportunity to specialise in other areas including:

- Level 2 Certificate in Cyber Security

- Level 3 Certificate in Cyber Security
