Important Information

After submitting an enrolment request you will be contacted by a member of our team to complete a questionnaire. The questionnaire must be returned before your enrolment can be finalised.

Who Is This Course For?

This qualification is designed for those who are working within the health and social care sector and are looking to understand their role in supporting the preferences and needs of individuals in relation to their care or support, the development and implementation of care plans, and contributing to the review of these by observing, monitoring and reporting on the care activities they're responsible for.

What Can I Learn On This Course?

This qualification aims to develop your knowledge and understanding of:
The principles and processes of person-centred thinking, planning and review

How to work with individuals to carry out activities specified in their care or support plan, including person-centred assessment, planning, implementation and review

The promotion of health and well-being through nutrition, hydration and personal care

How Is This Course Delivered?

Although this is an online course, you will receive extensive individual support throughout your studies. Your dedicated tutor is available to provide guidance and answer questions via email, telephone, Microsoft Teams calls, or in-person meetings. This approach ensures that you can study flexibly but have access to regular support in a way that suits your personal circumstances.

What Will I Need To Bring With Me?

To complete the course, you will need access to a computer and the internet. You will be given access to an online assessment account (e-assessor) to record and document your learning evidence.

What Skills Or Experience Do I Need?

No prior qualifications, experience or skills are needed, but you may find it helpful if you already achieved a level 1 qualification. You will also benefit from possessing basic IT skills to allow you to access the online materials.

How Will My Work Be Assessed?

This course is awarded by NCFE.

You will receive your own study pack made up of high-quality workbooks which your assigned specialist tutor will guide you through to complete your studies. You will be expected to complete all assessments on e-assessor, and your tutor will provide feedback after each assessment.

To be awarded the Level 2 Certificate in the Principles of Care Planning, learners are required to successfully complete 6 mandatory units:

- Unit 01: Understanding person-centred thinking and planning
- Unit 02: Care planning for the care worker
- Unit 03: Understanding nutrition and hydration in health and social care settings
- Unit 04: Principles of supporting an individual to maintain personal hygiene

What Can I Do After The Course?

You could progress onto other Online Learning programmes such as:
Level 2 Certificate in Falls Prevention

Level 2 Nutrition and Health

Level 2 Principles of Infection Prevention & Control

If you are seeking work in care, you may also wish to consider classroom-based learning such as Get Into Care, which focuses on getting job-ready in the care sector. Your tutor will be happy to discuss your options with you.
