Who Is This Course For?

This qualification is designed for those who wish to increase their knowledge and understanding of common childhood illnesses to enable them to support the development and well-being of infants and children they support/care for.

What Can I Learn On This Course?

Learners will understand common illnesses that occur in childhood, gain insight into providing a safe and healthy environment for babies and children, and understand health emergencies and specific health conditions in an Early Years setting.

The 3 mandatory units are:

- Understand How to Provide a Safe and Healthy Environment for Babies and Young Children
- Understand Common Childhood Illnesses
- Understand Health Emergencies and Specific Health Conditions in an Early Years Setting

How Is This Course Delivered?

Although this is an online course, you will receive extensive individual support throughout your studies. Your

dedicated tutor is available to provide guidance and answer questions via email, telephone, Microsoft Teams calls, or in-person meetings. This approach ensures that you can study flexibly but have access to regular support in a way that suits your personal circumstances.

What Will I Need To Bring With Me?

To complete the course, you will need access to a computer and the internet. You will be given access to an online assessment account (e-assessor) to record and document your learning evidence.

What Skills Or Experience Do I Need?

No prior qualifications, experience or skills are needed, but you may find it helpful if you already achieved a level 1 qualification.

How Will My Work Be Assessed?

This course is awarded by NCFE. You will receive your own study pack made up of high-quality workbooks which your assigned specialist tutor will guide you through to complete your studies. You will be expected to complete all assessments on e-assessor, and your tutor will provide feedback after each assessment.
